CAST IRON AND COMBO POLES

Decorative Cast Street Lighting Posts were first used as early as the 19th century to support, oil & then later, gas lanterns in street & area lighting applications. And finally, with electric lights when the electric system came into existence.

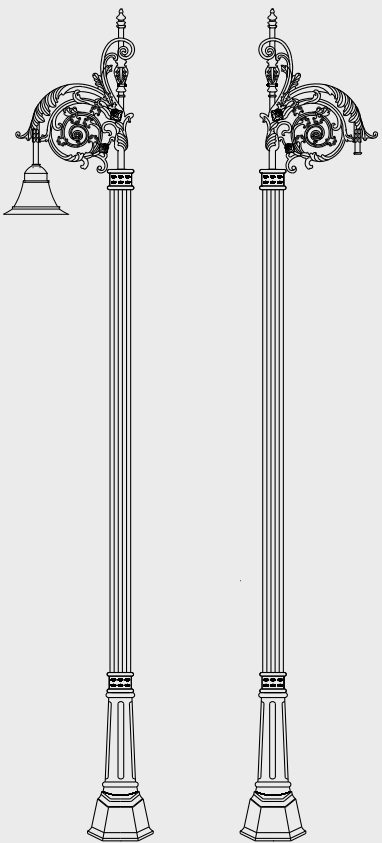

These ornate posts were traditionally constructed of cast iron.

Since then, cast iron has become one of the principal materials used in commercial architecture.

Castings provide great variety of designer posts to match with the ambience of the project.

- **Advantages of unique Cast Iron Posts:**
Cast Iron Poles are durable, long life, strong, authentic.
- **Advantages of unique Combo Poles:**
Greater mounting heights, durable, easy to handle, long life, greater finish.
- **Advantages of unique Cast Aluminium Posts:**
High styling, greater finish, premium grade material, superior construction, easy to handle, ease of installation, corrosion resistant.
- **Advantages of unique Extruded Aluminium Posts:**
Durable, non corrosive, greater finish, ease to handle, versatility, attractive, cost effective, lesser weight.

JULIUS
3M, 4M

ELEGANT DECORATIVE CAST IRON LIGHTING POLE

DESIGN

The Julius Pole is a premium decorative lighting solution that enhances the visual charm of outdoor spaces. Crafted from high-quality cast iron (CI) with an internal mild steel (MS) core for reinforcement, it combines timeless design with superior strength. Its sculpted base and ornamental arms make it ideal for both traditional and modern environments.

Materials & Construction:

- **Pole Body:** Cast Iron (CI)
- **Reinforcement:** Internal Mild Steel (MS) core
- **Mounting:** MS Base plate with 4 holes for Anchor bolts fixing
- **Access:** Lockable door at base for wiring and maintenance

Finish Options:

- Standard RAL Colours
- Antique Copper
- Antique Gold
- Optional PU (Polyurethane) coating for enhanced durability

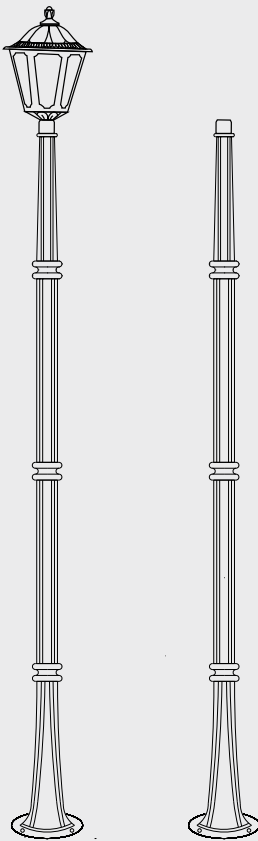

APPLICATIONS

- Urban streetscapes
- Public parks and gardens
- Heritage and cultural precincts
- Commercial developments
- Waterfronts and boulevards
- Campuses and institutions
- Luxury residential areas
